

DESIGNED LIKE FINE WINE

New Napa faucet from Watermark Designs draws inspiration from the wine country!

Touch 27 Lavatory Faucet

(Brooklyn, New York — April 28, 2008) The aptly named Napa faucet from Watermark Designs immediately calls to mind the graceful silhouette of a bottle of fine wine. Perfectly proportioned with gleaming curves and a long elegantly arched profile, the Napa design manages to feel both modern and traditional. This versatile faucet would be equally at home in the bathroom of an urban contemporary loft or a rustic Tuscany-inspired powder room. Like fine wine, good design does not go out of style.

The Napa family of faucets is available with three handle options: cross handles, wide spread dual levers and a side-mounted single lever. For even greater design flexibility, the single-lever faucet may be ordered in three heights; 8 5/8", 16 1/2" and an impressive floor-mounted version that stands 44" tall. All come with a volume-controlling aerator that reduces water flow to 1.5 gallons per minute, thereby conserving water resources and directing water flow to avoid splashing.

As with all Watermark designs, the Napa faucets are available in 35 rich finishes, including pewter, bronze, copper and chrome. Prices range from \$962 to \$1299 for the cross and dual lever models, depending on style and finish. All Watermark faucets are backed by a lifetime warranty on valves and finishes.

The Napa faucet joins an already unique collection of Watermark products. For the simply elegant to the dramatically exotic, Watermark offers a full line of beautiful faucets, bath accessories, lighting fixtures, decorative hardware, vanities, mirrors, bath furniture and soon fixtures to create a complete bathroom look.

For more information on the Napa faucet or any Watermark Design product, call 1-800-842-7277 or visit www.watermark-designs.com.
